2021

PROFILE

I am a dedicated Software Engineer specializing in full-stack web development: React, Next.js, Tailwind CSS, Node.js, and NestJS. With a strong passion for building scalable and efficient applications, I am constantly expanding my skill set and exploring new technologies. My experience allows me to create dynamic, responsive, and robust web applications that meet modern standards.

EXPERIENCE

FULL STACK DEV

at Hood Businesses

Nov 2022 - Jul 2023 · 14 months · Full-time

- Developed responsive web applications using React, Next.js, Tailwind CSS, and integrated state management with React Query and Redux.
